

Exceptionally comprehensive, affordable, and user-friendly, this book focuses on the nursing assistants role and responsibilities in health care as it is being practiced today in diverse areas of the health care delivery system. It incorporates both tried-and-true standards and recent changes in procedures and philosophies, and focuses throughout on a holistic, humanistic, restorative approach and cultural awareness. Extensively illustrated—yet uncluttered—it features simple language, boxed Procedures and Guidelines, an anatomy and physiology insert, and thought-provoking, interactive questions, case studies, and review questions, especially useful for preparing for competency tests.
