

Cassiopeia is lanky, quick-witted, and spent most of her life running from one thing or another. She escaped an overbearing family, and a series of dangerous misadventures, but then landed square in the midst of a traveling carnival. In the gritty, grimy dirt circus, love is the furthest thing from Cass's mind – she's much more occupied with avoiding her boss Lyle's slimy fingers. Just about the only things Cass has left are her mind, a few books, and impossibly vivid dreams of a man she's never met, but who she knows – somehow – is going to find her. And when he does? Well, who knows? But it's gotta be better than the circus. Oh, and then there's the lion who sleeps in her trailer. At first, Lex was impossible to control. He clawed, he snapped, he roared and raged like any lion would, but somehow never hurt anyone, like there was something more to him than caged animal ferocity. He lashed out at everyone except for a certain woman with curly brown hair and a thing for khaki cargo pants. No one knew that the REAL Lex – the same man Cass dreamed of for so very long – was hiding beneath the fur and claws. When the lion-shifter lays eyes on the woman he knows he can't live without, this king of the jungle can't rest until he's taken his queen. And when he first reveals the tall, dark and handsome underneath the tail and teeth? Cass isn't too surprised that the man IN her dreams turned out to be the man OF her dreams. ***This seductive, steamy, shifter romance is completely standalone, and is sure to leave you roaring for more!***
