

Abandonado por su novia, insatisfecho con su trabajo, Adam decide escapar a Italia para dar clases particulares de ingles al adolescente Antonio. A su llegada, no obstante, descubre que el muchacho ha dejado embarazada a la hija de su criada, y que los padres han optado por enviarlo al extranjero. Pero la suerte de Adam parece mejorar cuando Gordon Crace acepta contratarlo como asistente personal. Crace, autor británico responsable de una exitosa novela sobre las perversiones del mundillo universitario, es un excéntrico personaje que jamás abandona su casa pero que tampoco tolera la soledad. Pese a tales exigencias, Adam decide que la mansión del escritor quizá sea el lugar más adecuado para redactar su primer libro. Y ese libro bien podría ser la biografía de su empleador, ya que este es dueño de un pasado donde los abusos sexuales se dan la mano con el asesinato.

/ Fresh from finishing university in England, Adam Woods arrives in Venice to begin a new chapter in his life. He soon secures employment as the personal assistant of Gordon Crace -- a famous expatriate novelist who makes his home in a dank and crumbling palazzo, surrounded by fabulous works of art, piles of unanswered correspondence and the memories of his former literary glory. Before long Adam becomes indispensable to the feeble Crace, and he finds himself at once drawn to and repelled by his elderly employers brilliant mind and eccentric habits.
