

Oracle9i Database Administrator: Backup/Recovery and Network Administration offers comprehensive coverage of administering an Oracle9i database on the job. The book introduces readers to various backup and recovery techniques, covers key Oracle9i network administration tasks, and provides coverage of GUI and command line interfaces. Perfectly suited for a course on the subject, it offers extensive coverage of the concepts as well as step-by-step instruction for hands-on learning. A running business case and real-world examples also help readers master material. For those interested in Oracle certification, the book prepares individuals for the Oracle Certification Exam, Oracle9i Database: Fundamentals II (#1Z0-032).
