I use Words Their Way both in my first grade classroom and with college students as a way to implement word study.--Kristi McNeal, CSU Fresno The theory behind and practice for word sorts allows even the novice teacher to understand how to use the assessments to organize instruction. The organization of the last five chapters creates a useful resource for teachers. Each begins with a research-based description and moves into sound instructional practices, giving the teacher a complete understanding of how to meet the needs of students.--Cathy Blanchfield, CSU Fresno
